Longest standard battery life in its class.

The Panasonic Toughbook® C2 provides an amazing 11 hours of standard battery life and weighs as little as 3.6 lbs1. The 12.5” 5-point capacitive multi touch convertible tablet features an array of industry-leading advancements, such as being the only convertible tablet in its class to offer a durable triple hinge design, as well as a unique bridge battery for continuous use by enabling hot-swappable battery replacement without disruption. The Toughbook C2 has an incredibly bright and sharp 500 nit IPS display with direct bonding for wider viewing angles and a lighter design. The ergonomic strap is perfect for long-term use and holding the PC in any orientation. Available integrated options, such as a SmartCard reader, NFC, bottom camera and serial port, make the Toughbook C2 ideal for a wide variety of applications and environments.
